Lasting Legacies

What do you give
someone who
has everything?

There's no better time
than today to capture
yesterday's memories.

A keepsake video can
make the perfect gift for
birthdays, anniversaries,
or family reunions. One
of the greatest gifts we
can give others is our
treasured stories.

Each Story Is Unique...

Allen and Sally Serfas, founders of Assistance Home Care, began to understand how unique each story is with their own family when Sally's mom progressed with Alzheimer's. As her memory faded, so did her ability to share precious stories. For this reason, we began offering the gift of Lasting Legacies to each of the families we are honored to serve. We recognize the treasure your loved ones are to your family and do not want anyone's story to go untold. So, from our family to yours, we now offer this meaningful keepsake video.

FAQ: a few of our most frequently asked questions...

How often do we meet?

We will meet with you once for a few hours. Our team is able to connect with families in a variety of ways through a relaxed and guided conversation, we are able to easily and naturally capture many precious family memories.

What is included in the keepsake video?

Special stories, milestones, meaningful music and pictures you share from the day we connect with you.

How are the stories shared?

A professionally edited video will be shared as an online streamable video. The final keepsake video is approximately 60 minutes in length.

What if my loved one can't communicate anymore?

We are able to share your loved one's stories through a keepsake video, using family pictures and slides with important information from throughout their life.

Having the pleasure of capturing families and their treasured stories...

You did a beautiful job and captured so much of Dad's life and family memories. This will be a treasure for all of us.

~ Mimi

I showed the keepsake video to a couple of friends and they asked "who made this?" The video is just beautiful. Once in a while my wife and I sit down and watch it together. It's helpful to my wife who has memory problems and brings her joy. It was so special to us that you captured her memories.

~ Don

There really is no price tag for this video you're making. We appreciate it so much.
